Rome, June 13. *N. S.*

THE Cardinal *de Bouillon* had Audience of the Pope laſt *Wedneſday*, to whom he made his Excuſe for the Diſpute that happened between his Servants and thoſe of the Imperial Ambaſſadors at the Entry of the Ambaſſador of *Tuſcany*. In the mean time, divers Inhabitants of this City that were ſeized for taking part in this Quarrel, continue in Priſon. A particular Congregation was held here laſt week, compoſed of the Cardinals *Spada*, *Panciatici*, *Mareſcotti*, *Albano* and *Sacripante*, and four Auditors of the *Rotæ*, to conſider of the Pretenſions which the Duke of *Savoy* makes to the Preſenration of Vacant Abbeys in *Piedmont*, and they are to meet again in a day or two. The Great Duke of *Tuſcany*'s Ambaſſador continues his Viſits to the Cardinals and the publick Miniſters, but has not yet waited upon the Queen-Dowager of *Poland*, by reaſon ſhe continues ſtill *incognito*. The Cardinal *d'Aquien* is now perfectly recovered of his late Indiſpoſition. The Cardinal *d'Aghire* is dangerouſly ill of a Feaver. Abbot *Lelio Tempi*, a Native of *Florence*, and of one of the moſt conſiderable Families in that City, having an Information preferred againſt him in the Office of Inquiſition, drowned himſelf laſt week in the *Tiber*, to avoid being brought before that Tribunal. Signior *Caſale* and Signior *Cenci* are fined 2000 Crowns each, for having hindred the Cuſtom-houſe Officers from ſearching their Coaches as they were entring into this City. Signior *Altoviti*, Captain of the Pope's *German* Guards, being lately dead, that Command is given to Major *Ceruti*.

Venice, June 19. Cardinal *Delfino*, who is at preſent here, lies very ill of a Feaver. The Senate have given notice to the Commanders of the *Venetian* Forces in the *Levant*, of the Reſolution they have taken, to keep in Pay all the Officers that are at preſent in their Service; and that none of thoſe Officers ſhall be allowed to be abſent from their Commands without particular Leave. By a Merchant Ship come in here from *Dalmatia*, we have received this further Account of the Proceedings of the Commiſſioners, who are met on the Frontiers of that Province to ſettle the Limits between the *Venetian* and *Turkiſh* Territories. Signior *Grimani*, Commiſſioner from this Republick, being arrived at *Singh*, received a Compliment from the *Turkiſh* Commiſſioner who was at *Traunick* in *Boſnia*, with a Preſent of a very fine *Turkiſh* Horſe; after which the *Venetian* Commiſſioner continued his Journey to *Sterniza*, the Place of Conference, where the *Turkiſh* Commiſſioner being arrived the ſame day, they made the uſual Viſits to each other, and on the 6th Inſtant exchanged their Powers, and began their Conferences, in which they have already made a good Progreſs.

Warſaw, June 17. Yeſterday being the day appointed for the meeting of the General Diet of this Kingdom, the King, attended by the Nobility and the Deputies of the Palatinates that are in Town, went to the Cathedral Church, where Maſs was ſung; after which, the Deputies repaired to the Place where they uſually meet; It was propoſed to proceed to the Choice of a Marſhal, but they adjourned without doing any thing; They met again this morning, and are now ſitting, not having yet choſen a Perſon to diſcharge that Office. The Deputies from ſeveral Palatinates are not yet arrived. The Cardinal Primate is expected in 2 or 3 days from *Sileſia*, and the Crown-General from *Lemberg*. The King's Regiment of Guards is at preſent Quartered in this City, and ſome other Regiments are encamped near this Place, to the number of 4000 Men. A Draught is made out of the *Saxon* Regiments of Horſe, in order to form a new Regiment of Horſe-Guards. The Sieur *Freyteling*, a Councellor in the Council of State of *Saxony*, came hither laſt *Saturday* from *Dreſden*, and has had Audience of the King.

Dantzick, June 24. Letters from *Warſaw* of the 19th Inſtant ſay, the Diet had not yet choſen their Marſhal, and were reſolved not to proceed to the Choice of one, until the *Saxon* Forces were marched out of that Kingdom. The Magiſtrates of this City have ſet Fines upon ſeveral Burghers, who, contrary to their late Order, ſold all the Corn they had in their hands, whereas they were required by the ſaid Order to keep a Tenth Part of it by them during a certain time.

Vienna, June 20. There being a great Scarcity of Corn in the *Lower Auſtria*, this Court has given Orders that they be ſupplied from *Bohemia*, and the other Hereditary Countries where Corn is more plentiful. The Count *de Berka* is preparing to go from this Place on his Embaſſy to *Venice*. An Expreſs arrived here this week from *Hungary* with Letters from Count *Marſigli*, by which we have an Account, that the Commiſſioners for ſettling the Limits were come to *Karolſtadt*, the chief City of *Croatia*, where they had made an end of regulating the Borders of that Province, and that they intended to go from thence in a day or two towards the Frontiers of *Tranſilvania*, to ſettle the Limits on that ſide. We have Letters from *Conſtantinople* of the 12th of *May* which give an Account, that the Grand Signior apprehending that the Czar of *Muſcovy* is making Preparations to renew the War againſt him as ſoon as the Truce of two Years lately concluded between them is expired, he has ordered divers of his Galleys to be ſent to the *Black-Sea* under the Command of the Baſſa of *Smyrna*, who is directed to viſit all the Ports along that Coaſt which are in his Dominions, and to take care to put thoſe Places in a Condition of Defence. The *Greeks* made great Application to the Port, that the Poſſeſſion of the Holy Sepulchre at *Jeruſalem*, which was given ſome time ago to the *Roman* Catholicks, may be reſtored to them. The King of *Spain* has given the Order of the *Golden Fleece* to the Earl of *Carlingford*, in conſideration of his long and eminent Services to the Houſe of *Auſtria*.
